

Telstar ***2009***

Telstar High School

Dear Telstar Students,

I would like to take this opportunity to extend my thanks and congratulations to you for the many efforts you have made over the past year. You have invested in your school and the results certainly show. I commend you for the many efforts you have made to establish a true sense of community within the school as you have worked to instill a sense of pride and accomplishment at Telstar High School this year. Over the better part of the next century, it is likely that you will take out this yearbook and look back on the memories of your high school years. You will use it to remember old friends, to think back to the teachers who challenged and influenced you and to prepare for upcoming reunions. You will recall the many great times you enjoyed during your high school career and perhaps some of the challenges that you overcame during those years. The experiences that you have had here will serve as the foundation that you will build the rest of your life upon.

I would like to extend my best wishes to all of the members of the Class of 09 as they set off on a wide array of new challenges next year! Whether you move on to college, the military or the world of work, I hope the experiences that you have gained during your time in our school district will serve you well in the future.

Sincerely,

David W. Murphy, Ed.D.
Superintendent of Schools

To the Class of 2009,

I am extremely appreciative for your acceptance of me, as a new principal, especially your senior year. I am also proud and impressed with the degrees of diligence and commitment to be successful students and individuals during your career at Telstar High School.

A perspective I wish to ask each member of the Class of 2009 to think about is your arrival here at Telstar High School in August 2005. Who was sitting to your left, to your right, to back of you or in front of you that first day of high school? Now, look to your left, right, front and back Who is sitting next to you? There are a number of classmates who are not here they either moved away to another school system, could not cope with the typical school day setting, or struggled with personal or family problems, while others choose an alternative educational experience. What makes today's graduation more meaningful is that each of you here made a commitment to this school, to our community, to your family, but more importantly to yourself.

Keeping this perspective of commitment in mind, as you graduate from Telstar High School, consider these two words: challenges and excuses.

Your days ahead will be full of many exciting and positive challenges. However, as you have either experienced or observed from others experiences, life can provide hardships that may seem to be sent by an unkind destiny to crush a house fire, car accident, divorce, downsizing of a company and losing your job. But remember, we all have to go through the tumbler a few times, before we can emerge polished.

The second word I emphasize is excuses. How often have we heard someone during high school or, after graduating from school, put off personal or career plans by using excuses? Have you heard these excuses? I'll work a year, and then go to school. Or, I'll go for the job promotion when I have a few more years of experience. Or, I can't change jobs, the kids are in middle school and they are busy with their friends. Or, I'll go back for a college degree when the kids graduate. Or, I'll join that club/organization when I retire, because I'll have more time. Or, I'll do that when I am deceased?!

To members of the Class of 2009, I congratulate each of you for what you have done, what you have given Telstar High School and, for being so successful as a high school graduate. At the same time, have a positive attitude toward challenges; pick yourself up after setbacks, no matter how difficult. And, remember, don't put off tomorrow with what you could do today. No excuses!!

CONGRATULATIONS AND BEST WISHES!!

Daniel O. Hart, Principal

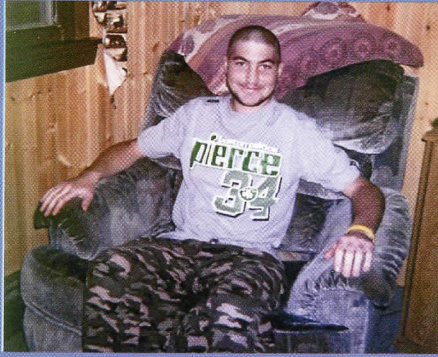

To the class of 2009,

Congratulations! You and I have experienced much change over the past four years. I have weathered your freshmen angst, endured your sophomore daze and admired your junior productivity. This year you have led our school and provided much mentorship for the underclassmen. I have laughed and cried with you and will always value this special time. You are a caring class and relentlessly show passion and concern for each other. As individuals you have met many challenges, set your goals and are quickly moving forward toward them. As a class you will always have my respect and affection. Keep the memories of your time here and learn from those mistakes that are inevitably made by us all. It is what makes us human. You will be missed!

Forever in your service,
Charles Raymond

Yearbook Dedication ~ Bryce Walker

Promise me you'll always remember: You're braver than you believe, and stronger than you seem, and smarter than you think. A.A. Milne

Bryce, we have admired your courage and tried to support you in an unfair battle. We acknowledge your depth of true strength and your winning smile. The Class of 2009 dedicates this yearbook to you and will always be here for you.

In Loving Memory

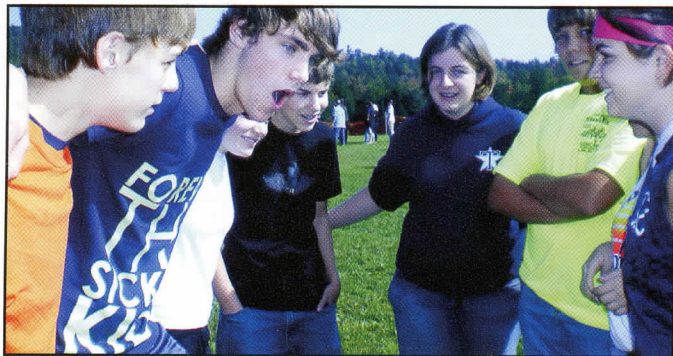

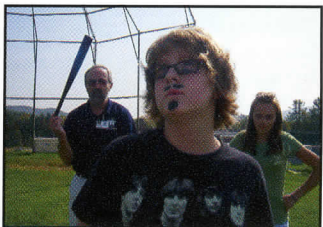

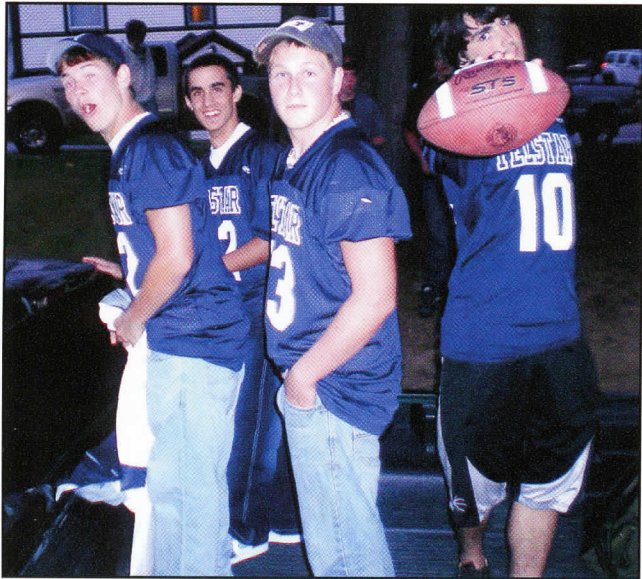

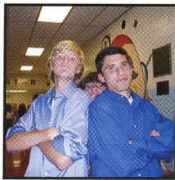

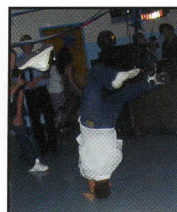

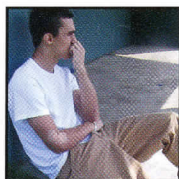

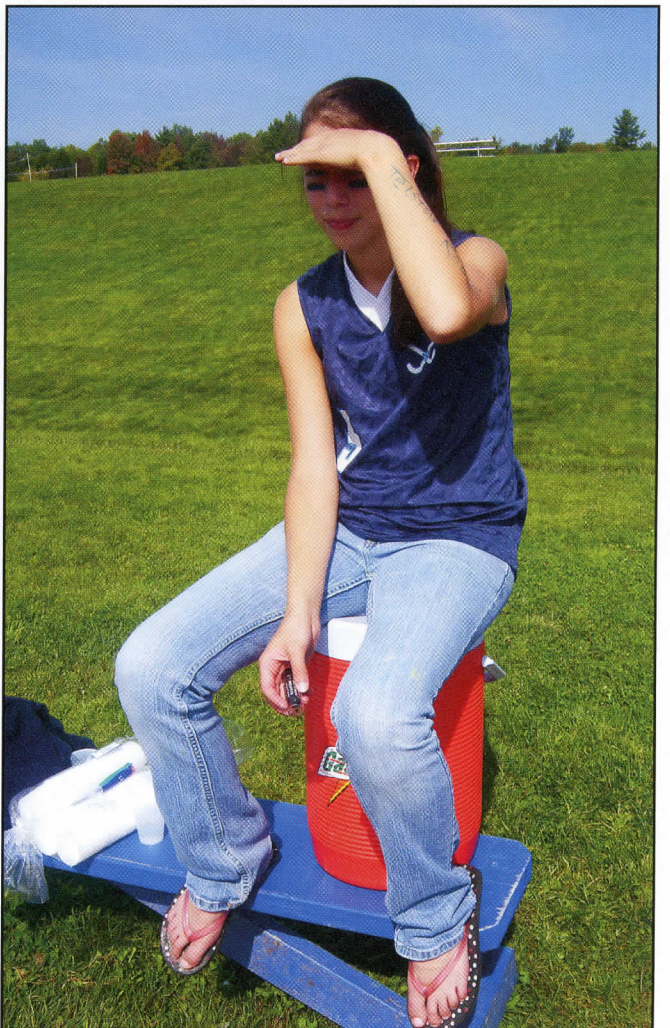

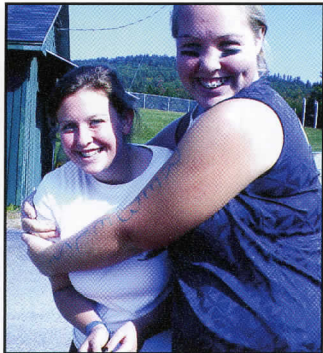

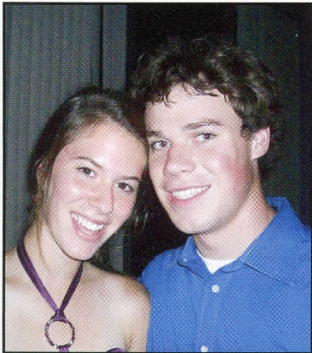

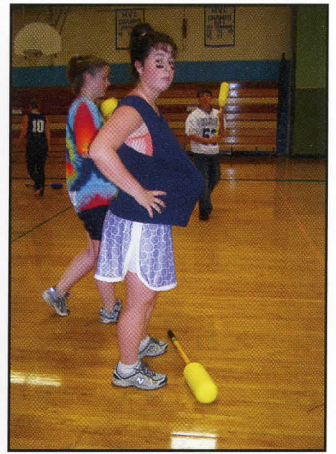

I thought of you with love today but that is nothing new
I thought about you yesterday and days before that too,
I think of you in silence I often speak your name
All I have are memories and your picture in a frame
Your memory is my keepsake with which I'll never part
God has you in His keeping I have you in my heart.

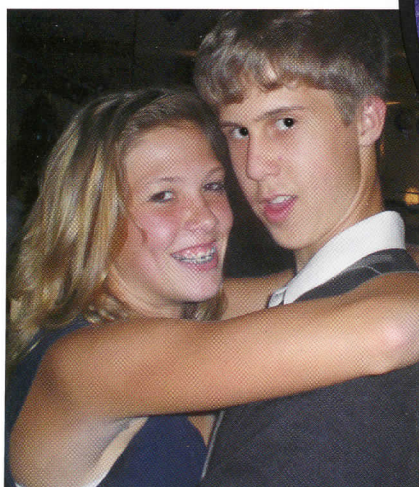

Dorothy DeeDee Palmer is missed by all and forgotten by none. She was a light in our world that dimmed too soon. We wish she could have stayed to travel the road with us, but we feel lucky to have traversed along the path with her, if only for too brief a moment. ~ Class of 2009

Perhaps they are not stars in the sky, but rather openings where our loved ones shine down to let us know they are happy.

This whole senior thing is kind of ridiculous. I really don't know how the school is possibly going to manage without me; I mean I literally bring up the average good-lookingness by a significant margin. Just kidding, well not really, but you know what I mean. Some of you I'm going to miss, you know who you are so I'm not going to mention names in here. I really enjoyed going to Telstar and all, but I'm so freaking happy to leave. I can't wait for college life and finally getting to do my own thing. I'm definitely going to miss my family the most. I hope my older brothers find success and I want my little brothers, Rick and Gabe, to work hard in school like I did and achieve as much as possible. Mom and Dad, I hope you can manage without me in the house. I know you will miss me a lot! Well, it's time for me to move on and go to the next step in life, planning for and creating a lifelong, successful career dood guy man chief.

Jennifer Aldrich

Mom, you're the greatest woman, and will always be, the greatest woman in my life. I love you more than words. Ty, don't follow in my footsteps. The stride is too short for you little brother. Make your own trail. I love you. Mrs. Bennett, I'll always be your Minja Music Elf. Whatever way our stories end, you've rewritten mine because I knew you and by being my friend. I love you. Thank you to all of my friends who have made these years what they were. Class of '09, we did it. Here is us. Here we are. Tonight's the night, we've come so far. So we'll smile and shed some tears; we'll say goodbye to the last 13 years. Although we can never go back, we'll always remember the past. Here is us, here we are. Everyone's reaching for the highest star. Thank you to all of you who have raised us and taught us and helped us through. No matter where we end up in life we'll look back on these times, smile and say: There was us.

Some see things the way they are and ask "why"? I dream of things that never were and ask "why not"? -George Bernard Shaw.

First off I'd like to thank my two biggest fans; Mom and Dad. Mom, I appreciate you so much for putting up with my procrastination, supporting my films, and generally just being so selflessly devoted to your kids. Dad, you're the reserved intellectual giant I take after, without your practicality to set me straight, I'd be a different person. To the group; Molly, Katlyn, Lisa, Patrick, Megan, Deagan, Cassie, Mat, and Aly, you guys defy description. Sporadic movie nights, LAN parties, and all of the impromptu summer randomness has been amazing. I'm truly blessed to have comrades like you. To the guys; epic times with filming and general tomfoolery. Nordic mates, we may freeze in a thankless sport, but at least we have fun doing it. When we leave here, we will not walk in the shadow of glory, but cast it. Congrats 09!

I would like to say thank you to my mom, dad, and Lisa for everything you have taught me and for being there for me. To my best friends, Lizzie and Kate. You guys are my partners in crime. We have had so many good laughs, pudding fights, and Rocky Horror, hot cocoa at midnight, playing fluffy bunny, going camping and forgetting to bring the essentials; and of course just hanging out. I would also like to thank Eric for being there for me I love you. You're an amazing person and you have a beautiful soul. Thank you for being there when I need a shoulder to lean on and someone I can talk to. For Ellie, your an an amazing role model and someone I can look up to! Id also like to thank all the teachers who have helped me through the years and have pushed me to do my very best. Thank you Mrs. Bennett, Mrs. Fraser, and Mrs. Olson for all your help. To the class of 09, congratulations, we've made it good luck!

There's been a lot of great memories in these four years. There's been a lot of crappy ones too. But over all it's been fun. Thanks to everyone who encouraged me, and I hope I don't have to write another senior write up next year.

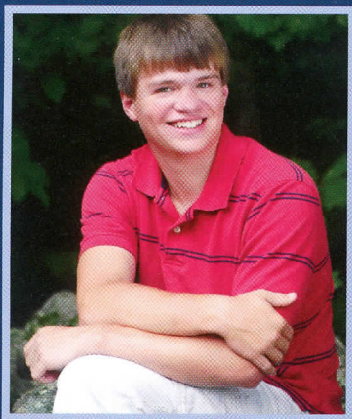

Philip Boyd

I remember when Brooksie, Petey, Jay, Star, Toska and me all went down to Brooksie's camp during April Vacation. Running up and down that steep hill to carry everything back and forth. Almost getting frost bite on both of my feet because there was like a foot of snow still on the ground, and we let Jay lead us down the hill in the dark, moron. Brooksie running down the hill with a box of fire. Jay stealing my blanket! Jason! Stop jackin'my covers! all the while not knowing that there were 3 more blankets just chilling at my feet. Trying to start a fire with soaking wet wood. My shoes melting. The ride back when we jimmy rigged some cart to the back of Toska's car and filled it with blankets, Petey and Jay. Ha! Man I'm not going to miss going to school in this place, but I sure will miss some kids, and maybe a select few teachers. Just give me my diploma and I'm out.

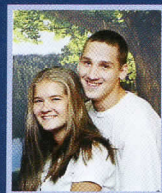

Amber Brooks

The end is finally here. I will never forget all of the memories that were made during my high school career. Class & study hall with Mr. Bennett was always fun, even though he is mean. JJ, Charlie, Kass & Lexa, thanks for always being there for me. I love you all. I would like to thank my parents and my sister for always being there & for encouraging me to push myself. Thanks for all the good times and fun experiences Telstar. Good luck seniors.

Lance Brown

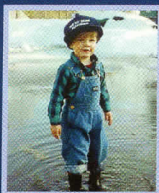

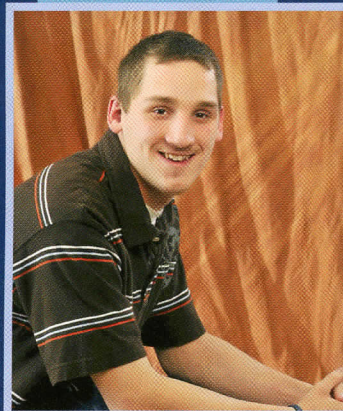

High School is strange. You start out as a freshman with four long years ahead of you thinking that it will go slow, and it does. But then you end up at the end of those four years as a senior wondering how it all flew by so fast. To my Cross-Country running/skiing teams, what can I say, except that it has been an awesome time. I encourage those of you who will be on these teams next year to keep working hard and you will find success. Or at least have a lot of fun along the way, like I did. To my family and friends, I know you may think it's a cliché, but I really couldn't have done it without you. Good luck class of 09 I will always be proud to have been a part of you.

Austin Buck

The past four years have been the most difficult and the most interesting years of my life. I could not have gotten through it without help from people. I want to thank my parents for helping me through every rough spot I hit, Mr.

Leclerc for giving me the motivation I needed and for bending over backwards to help me, Mr. Bennett for the talking when I needed. Also Ms. Fraser for being what ever I needed her to be, a counselor, a teacher, a motivator, and most of all a friend.

William Chapman

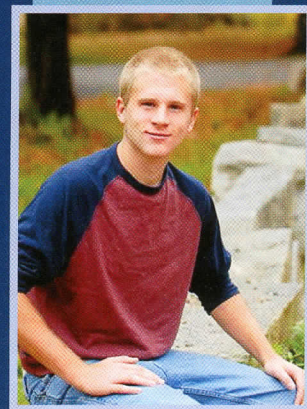

Will Durant once said, Education is a progressive discovery of your own ignorance. I don't know who Will Durant is. I've spent this study hall period Googling amusing quotes about school, because, now that high school is finally almost over I find myself with surprisingly little to say. Someday, in the distant future, I will probably look at this yearbook, and wish that instead of being so obnoxious and cynical, I could of just thought of something more meaningful to say. Oh well. Peace and love to all y'all I can tolerate.

Deagan Conrad

Its been a great four years. I've made some great friends and had some great experiences along the way. I'll always remember prowling the streets of Bethel in the middle of cold winter nights wearing just our jeans and T-Shirts.

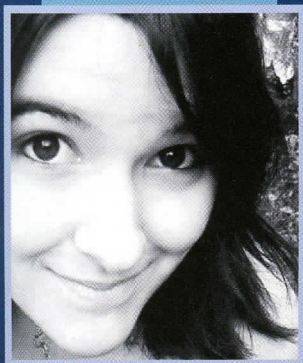

Movie nights were always really fun and I'll never forget them. The LAN parties we had were hilarious, and usually at Brian's expense. I had a great time playing soccer here, I'm glad I got to play with Poofs, and I'm happy we got as far as we did. I'm going to miss the 13 hour school day rehearsing for drama. I'll miss English class, where Mr. Bennett was a kind of a jerk, but no one believes me. He's actually a nice guy. I'm gonna miss joking around with him in Satellite. Chorus was probably one of my favorite classes, Mrs. Bennett always knew how to make me laugh. Telstar is my extended family and it's going to be hard to get used to life without you here with me. I'm going to miss a lot, and everyone here. Good luck Class of 2009.

Kalinda Cox

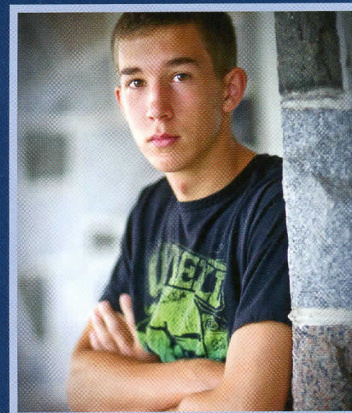

Wow I can't believe my time at Telstar is almost over. I have definitely had some good times and some bad times, but I always seemed to make the best of them. I must have changed my circle of friends about five times, but I finally found those friends that I believe are my true best friends. Although I have many friends I think the ones that have impacted me the most were Jen Cross, Amber Sumner, Lizzie Meisner, Jillian Poland, Jaymi Mack and DeeDee Palmer. DeeDee, I will never forget you, you were truly a good friend and I loved hanging out with you, you had a huge impact upon my life and will always be on my mind, no matter where I am.

Ariel Crockett

Here we are, finally, and not a moment too soon. It's been a great year, full of good times and bad, laughter and tears. First, I want to thank my family - you are the most wonderful people, thank you for supporting me over the years. My friends - you're amazing and I'll never forget you. I love you all. To the younger ones left behind - don't worry, keep your chin up, and you'll be fine and out before you know it! Errol, sweetheart, thank you for being there through the best and the worst times; you've been a great friend to me since the day we met, and the most amazing and supportive boyfriend. I love you with all my heart. And to the class of '09 - good luck in life, I hope you succeed in everything you do. It's been real. <3

Benjamin Cross

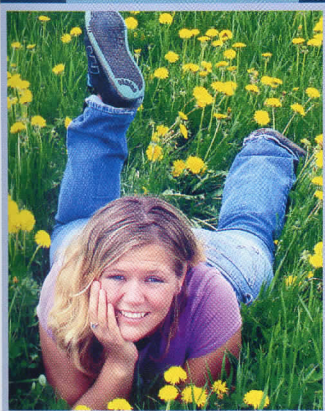

It is through hard work, determination, and self-confidence that we may accomplish our goals in life. My hope for my classmates is that they have realized this and plan to make the most out of their lives.

I have such a great appreciation for my family, who has influenced me significantly. My parents, who have taught me so much, have always supported me. My brother, who has forever been my guide, has never let me down.

From Bethany, my best friend, I have learned so much. It is you that has shown me what kind of person I should be. My hope for you is that I have affected you just as much.

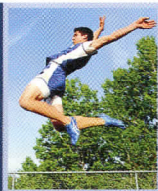

I am forever grateful to those who have made each of my experiences possible. Without them I would not be the person I am today. It is those people who inspire me to succeed so that I don't disappoint. I will not disappoint.

And of course Kalinda remember the ride back from O.O.B and those New Yorkers on 295. Mrs. C, Mrs. H, Mrs. M, and Mrs. S you girls rock!!! Thank you so much for all your help through the years. Can you believe 3 years together? I love you to the end of time Chad Ramsdell. Live life the fullest you can, you are the only person living it. You and only you can make yourself happy. Don't be afraid of anything or anyone and don't be afraid to try new things. Congratulations class. Brianna Dougless I hope you voted for me for class clown, but if you got it congrats. But I hope I got it, Wink Peace out Jen Cross

Mr. Leclerc, thank you for advice and guidance not only in History class, but during track, preparing for college, and life in general. Your support is a great motivator and I thank you. Mr. Remington(s) thanks for keeping soccer fun. Rem Sr. I learned a lot from you at the Carrebec game, and it meant a lot. Dad, thanks for your guidance, and the help getting me in to the business world. Michael you are the best brother I could ask for. I am very proud of you, and will always be here for you. Sonni the sexiest beagle pup ever; you're the man. Nightwalkers, RockBand, poker nights, beating the Sentra, and offroading various vehicles were great times. Thanks so much to my friends who made this trip fun! You guys/girls are the best! Don't waste life in doubts and fears; spend yourself on the work before you, well assured that the right performance of this hour's duties will be the best preparation for the hours and ages that will follow it.

Margaret DePasquale

A senior at last! Thank you so much to all the Telstar staff and students who have made my past four years all they were. I feel safe saying I would not have wanted them any other way. My deepest appreciation to all my family, especially my father and brother. Most importantly, however, is my gratitude to my mother, who moved me away from all either of us had ever known, to raise me here, in the community I have grown to adore. Congratulations class of 2009, best of luck to all of you!

"Sharkey: What did they expect? Mom I love you so much and I know you'll always be there for me, I couldn't have asked for anything more. You've readied me for the world and taught me the hard lessons of life. Dad, thank you for always pushing me from the sidelines and to Britany good luck you'll need it. To all my true friends, I will love you forever and always. And to the good times camp, prom night 08, Eva's going away party, Italy & Greece, rule #1 and to all the others that I'll never forget. The last 4 years of my life have been the best yet and to the class of 09 take some advice from Journey, Don't Stop Believing, Hold onto that Feelayen! Good luck everyone. Love ya.

Mucho Gusto! Mom and dad, you two have been an amazing, loving support system to me. Thank you so much helping me achieve all that I have reached for. I'd also like to thank all my many other families I have accumulated over the years. It's been fun to have such a wide range of people to connect to. My friends! You all know who you are, and have made High School quite memorable. I love and appreciate all of you more than you'll ever know. I'll also miss all of you when we go off into the real world next year, but I know huge adventures await us and that's something we're all ready for. And to Telstar High School and the class of 09, La Vie Boheme!

You can do what you want if you put your mind to it. This is a saying that my parents used to say to me all the time when I was little and thought I wasn't able to do anything. Now I'm here and proud of it! I know I have my friends Rocky, Karyn, Marian and many more to support me in any decision. I've only been here since half way through my sophomore year and already made wonderful friends and grew more as a person. I know I will become the best person as I can be. My goal for this year is to step up to the plate and try new things such as; the talent show and District 2.

Things that I like: I like to relax with Shana my love and also ride my four-wheeler in the pit with Scotty b, and Shan. I also like to go snowmobiling with my mom and dad and the rest of my family.

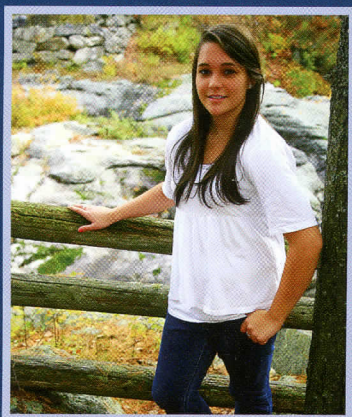

Memories: The ride to Portland with Shana Scotty and Keri also the party that I met Shana at and all the trouble that I caused at t-star.

"The flow of time is always cruel... its speed seems different for each person, but no one can change it... A thing that does not change with time is a memory of younger days..." (Sheik) These past four years have been an experience that I will never forget. They have seen a lot of pain and a lot of joy. I have met people that have effected me deeply and have taught me and changed me more than I thought possible. Now that I'm leaving the place that's been my second home for so long anything that I say seems insignificant. I will certainly miss you all and think about you and what you've taught me over the years. Thank you. "Whenever there is a meeting, a parting shall follow. But that parting needs not last forever. I wanna be the one. When all is said and done. Who lived a good life(Emerson Drive). This is one thing that I try to strive for every day. To live a good life. These past four+ years have shown me again that its not all fun and games. There are hardships, pain and sadness. As a class we defiantly have had our fair share of ups and downs. We have come through a lot, and from that I hope we have learned a lot, I know I have. It has taught me how to laugh when crying, help those who need it, just to be there for someone who needs it, to juggle work, friends, school, and having fun. To the class of 09 thank you and good luck

The years have been fun. So many new experiences and friendships. The random trips to Walmart, Milton, late night drives, and so many others. To my grandparents, thanks for being my parents for those two years and always being there for me. I love you both! To my mom, you're the best mom anyone could ask for. You'll always be my best friend. I love you! To Karen and Mike, thanks for being my family away from my own. You guys will always be that for me. I love you both and the whole family! To all my friends, I appreciate everyone of you. To Ben, you've taught me so much about myself. Through all the good and bad times, I'll always be here for you. I love you. My time at Telstar has had many ups and downs, but through it all some people have stuck with me. Teague, AJ, Frankie, Deagan, Tim, James, Ben, Bryce, Peggie, Whitney, Amber B, Andrea, Kelsea, Bethany and Eva are the seniors I always knew would be there for me, and kept me going in this place. The young ones I got to know also kept it interesting. Joel, Elek, Lindsay, Sam, Kayla, Taylor, Emma, Kim, Melody and Amanda, along with a few others. I just want them all to know, keep at it and don't give up on your dreams. I'll miss you all, but most of all I want to thank my family, Andrew, Erica, and mom and dad most of all, thanks for helping me through it and putting up with everything. Ohhh, and one lady at the school who was always helping me out was my auntie Gail. I'll miss this place; I had a lot of memories, and can't wait to move on in life and get into college. The past three years have seemed to move so slowly. I thought school would never end, but this year has seemed to fly by. I have had so much fun playing golf and football. I will always remember the track bus trips. All the field hockey and softball games that were amazing to watch really made the year fun. Now we are all heading in different directions and it is finally sinking in that we won't all be together. I am so sad and I wish high school could just go on forever. I will miss everyone and I hope that we will get together again soon!

First of all, I would like to thank my parents and Grammy and Grampa. You all have done so much for me and I appreciate and love you guys. The school life for me has been for the most part, enjoyable. There are a lot of memories that I will always have. One of the memories that I mention is when John L. and I both had the chicken pox, so I spent the day at his house. Like always, John and I would have an awesome time doing anything we could, especially owning at Zombies ate my neighbors. Another good memory was whenever I went to Petey's house, we would always eat Ravioli by the bowlful. After that banquet, we would sometimes go for a swim with the goldfish in his pond and then eat some crab apples on the boards he had in the tree. I am very grateful for all of my friends, they mean the world to me and I would do anything for them.

There isn't much to say about the end of my Senior year, it's just another reminder of the long years to come for college. I met some pretty radicle people along the way and lost some good ones too. I grew into a strong, motivated person and I have no complaints. Although Morton's long term work, killed me, I feel that his hard work will help me in college. I will greatly miss annoying Mr. Bennett, it made my day.....The end is only the beginning....

Wow...I can hardly believe high school is over. It's now time for us to start the next chapter in our lives. I want to thank you Mom for everything you have done, and have pushed me to do. Without you, I wouldn't have been able to make it. I also want to thank all my friends, Katie, Aly, Sarah, and Bryce you guys have stuck with me through thick and thin. Thank You! To coach, and all my softball girls, Thank You, you ladies have done such an awesome job, we've had some great seasons and amazing memories from the past few years, I will definitely miss it. It seemed like it took so long to get here but now that i am finally a SENIOR, It's like the years just flew right by, but i will always remember my time spent at Telstar. I will always remember the time we spent walking around town at midnight or later with just jeans and sweatshirts in the middle of winter. 3 am big Apple runs, all the fun we had at crescent park, my incident at crescent park, working at the Cho Sun, the sentra, Telstar football, dudeguymanchief, poker nights, the new house, drifting, mudding, skipping class, freshman hazing, senioritis junior year, heckling refs at basketball games. there's so much that happened in these short four years and i feel like i've left so much out. I will most importantly remember all of my true friends, You know who you are. It's unfair that alot of us may never see each other again. Goodbye Class of 2009! Good Luck! We are and always will be the Greatest Class to ever graduate from Telstar.

Marian Hotopp

I've got a couple of things to say and not a lot of space so this will be quick. First I'd like to thank my family, because let's face it would make my life would be a lot harder without their love and support. Second, I'd like to thank everyone who's worked with me over the past four years, I've learned a lot from you all; the lessons I've learned will make my life easier so thank you. Lastly I'd like to wish my class mates luck in all their future endeavors. "Do not cry because it is over, rather smile because it happened."

Graden Hutchinson

Well guys we have finally made it to the end of our Senior year. After reading these for three years now I still have no idea what I want to say. I guess I'll start off by saying that I've had fun these last five years. Hanging out with all my friends, playing the sports that I love, all the Spirit Weeks and Dances. Teague, AJ, Tim, Deagan, Frankie, Alex, all those times that we have spent hanging out, playing poker, strolling though town at two in the morning, swimming at Gunner's house, Teague, all the time that we spent at gram's, watching football, playing Madden into all hours of the night, going to the Big Apple to satisfy our midnight craving of Mountain Dew. Christina, I'm so happy that I moved here because if I hadn't I wouldn't have met you. You are the best thing that has happened to me. It's been over a year and a half now and we are still going. I love you so much!!!

Katrina Jackson

Class of 2009, we did it! For me this year has been different in so many ways, not only do I have the most amazing family and friends I made more of myself. Life doesn't always take its course but I've learned that things happen for the better. Bryce and Candace you guys are the best friends a girl could ever ask for. I don't know what I would with out you both. And don't worry Bryce you'll get through this, I know you will. Jaymi i'm so glad we're friends again and that we got to work together on the spaghetti supper. It was nice. I'd like to thank my parents: Mom you are my number one role model. I love you so much. Thanks for being by my side. Daddy, don't worry I'll always be your little girl! I love you. And good luck Trav, you'll be fine. Zac, your my boyfriend and best friend, you've been there for me and I can't wait to have a future with you. I love you. FOREVER & ALWAYS BABY!!

As I am writing this now, senior year seems so familiar, my routine of wake up, school, sports, dinner, homework, seems like it will never end. Thinking of college, I know this year will end whether too soon or not soon enough. Many of my most valuable experiences occurred in my four years of high school and I suppose I will never forget them. Dad, thanks for Health Night, we never took it seriously but it gave us a real laugh. Mom, thanks for being my guardian angel. . seriously. Molly, thanks for letting me sleep on your floor for 3 months and Matthew, thanks for always being yourself. Some of the best times I've had in high school have been with my athletic teams. Running in the fall, nordic skiing in the winter, and track in the spring for four years has definitely made some memories. Our cross country bus running out of gas will never be forgotten (thanks Gary). So, good luck in college everyone, I have no idea which college I want to go to out of the 45 zillion that there are but Ill find my place eventually. I have met with but one or two persons in the course of my life who understood the art of Walking, that is, of taking walks- Thoreau

Gregory Kennagh

I want to start off by thanking my family and friends for all the memories and guidance through some stressful unforgettable years. It's been a long journey through this school system. Waking up early over 2,000 times, also over 600 slow Mondays and 600 happy Fridays. It's finally coming to an end, and all I want to do is embrace it. Thanks for the memories, now I'm out looking for success on my own.

Grammy I will always remember the things you told me before you left us always be a good boy, be yourself, do what you want to do throughout life and I'll love you forever. love you. I thank my coaches for pushing me every day. The Rems I will take what you taught me throughout my life and some of it i need to forget. memories: My camp, Eva's going away party, Whitney and I Camp Champs!, soccer games and Poofs..Sarah you taught me a lot, I couldn't make it without you. All of the times I laughed were because of the great friends I had through the 13 years of school. I thank all my friends you know who you are, thanks again. My little brother Tyler. I hope I was a good role model for you, we'll be bros forever. Thank you class of 2009 I couldn't do it with out you.

My time here at Telstar has been nothing but a minor annoyance. I've made many friends here that I will continue to socialize with but I can not wait to leave here and start the part of my life that matters. The class of '09 has been through so much in the past four years and I hope that you all succeed in anything you put your heart into. I'd like to end this with one of my favorite quotes. Don't be too proud of this technological terror you've constructed; the ability to destroy a planet is insignificant next to the power of the force.-Darth Vader

Flashback to freshman year: We're the puny little freshmen, unsure of ourselves and who we want to be, terrified of what the next four years of our lives are going to throw at us and wondering if we will be able to perservere. Well class of 2009, we've experienced some pretty extreme ups and downs in these past four years. But it isn't the events that have defined us, but how we have dealt with them which makes the difference. I believe that we as a class have done a very nice job with the choices we have made and the individuals that we have become. It has been a wonderful ride and with the love and support of our families and eachother we can handle whatever else our lives throw at us.

I would like to thank my dearest friend and teacher in middle school named Mrs. Westleigh, because she helped me with all my problems and she is one of many people who encouraged me to finish school and graduate from high school. And, I would just like her to know how much I dearly care and how much I love her. Love, yours truly, Amanda. Mom, you are the greatest.

It's only been 3 years since I was the new kid. I was terrified, as I walked through the plywood entrance, thinking about those excuses not to walk another step, but I'm glad I did. If I hadn't, I wouldn't have gotten to know the Birthday Unicorn, New Years Eve, crowded sleepovers, Flatlanders, Chinese fortunes, failed attempts to do sports, getting lost, Stewart voice, pudding fight, Track & Field, band, secret conversations in French, Transformers, tickle fights, Butts & Ribs, legal trash picking & so much more. All those memories, nicknames, and inside jokes, I'll always look back & smile. Thank you Mumsy & Daddi, for all those awkward conversations at the dinner table, I love you & you make me happy when skies are gray. To my close friends: we can fill these moments with words like forever, but you got to swear, don't forget to remember me. To the class of 2009, it's a scary thought, but we are the future, let's make it rad. =P

Jaymi Mack

I want to thank my mom and dad for everything they have done for me and all the help they have given me. You both are the best parents ever. I love you both so much. I want to thank my sisters for the trouble they have giving me, it has made me stronger. Lexi and Chris thanks for all the smiles and support. Joshua you are a very special person to me and i thank you for backing me up on everything i have done. You will always have the key to my heart. I love you!!! Audi, Amber and Jen you all are special to me in so many different ways. Never go changing where ever you go in life. Friends forever. DeeDee, Keith and Cody you all will live on in my heart. R.I.P. Peace out!!!

I would like to start out by thanking my parents, my friends, and my teachers for all they've done for me. Telstar was a really great place to go to high school and I'm very lucky. To Ben, I'm very proud of all of your accomplishments, and I know as you go on there will be much more for me to applaud. I hope that you realize how important you were to my high school experience and how much I love you. And to the class of 2009, I thought it was impossible, but we made it! Congratulations! In the words of Abraham Lincoln, I'd like to say, "And in the end, it's not the years in your life that count. It's the life in your years."

Heather Parker

A lot has happened to our class in the past year, but I believe in one thing, and that is "The longer I live, the more I realize the impact of attitude on life. Attitude, to me, is more important than facts. It is more important than the past, the education, the money, than circumstances, than failure, than successes, than what other people think or say or do. It is more important than appearance, giftedness or skill. It will make or break a company.. a church.. a home. The remarkable thing is we have a choice everyday regarding the attitude we will embrace for that day. We cannot change our past.. we cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the one string we have, and that is our attitude. I am convinced that life is 10% what happens to me and 90% of how I react to it. And so it is with you.. we are in charge of our Attitudes" -Charles R. Swindoll

These past 4 years have been hard. I wouldn't have been able to do it without Morton or the Bennetts, despite how much I may have told them I hated them. I've had so much fun, movie nights and dances. Megan is my life. I've had great times with Sarah, Aly, and Molly. I'm really going to miss everyone here.

Melinda Robertson

It's been a long four years, but we're finally here. Jamie; you are amazing. Thank you so much- you are my sister, but also my best friend. Morgan you are like a second sister to me, and always will be. And thank you to Sarah, Cassie, and Candace. We've had a lot of great times, and I know we'll have a lot more. And of course, my mom and dad have always been there for me; please know that I wouldn't be where I am today without you. Our class has had some good and bad times, but overall its been an amazing four years. I will miss all of you when we leave here, but I'm sure many great things are awaiting us.

Amber Sumner

First off I would like to thank my parents for always being there, and giving me the strength to make it through the years. I love you both. The past four years of high school have been a ride down a bumpy dirt road. But at least I can say that I finally made it to the end of that road, now it's time to say goodbye to Telstar, and hello to the opened world. I don't think that high school would have gone easier, if it wasn't for my friends being there. You girls know who you are. I would also like to thank Cyrus for being the guy who won my heart. You've made me a better person. I love you baby. To the class of 2009, Congrats. We made it!

Wow!!! We are here finally but it went by so fast. Senior year. First I want to thank my mom and my dad for being there for me all these years. I love you guys!! 2009. We've been through a lot through the years. Sports were something else & bus rides to and from games were always an adventure. Winter carnival week the most competitive week in school where the seniors always find a way to win? Skipping a day or two from school to get out and do some hunting SHHHH!!! Kayla Merrill my high school sweat heart!!! We've been through a lot and look we are still together! Good times and of course some bad but you made it easier for me to get here. I love you forever and always!! Some rough patches & Leukemia and being in the hospital and missing out on my senior soccer season, but staying strong and getting through it with help, and support. Thanks to my friends and family for being here for me and helping me get through this.

These past 4 years have gone by fast I remember the summer before my freshman year everyone saying oh it will go by fast. Look at me now graduating form high school in what feels like 2 years but we know it's been four. I would like to thank my friends, and Austin for pushing me to do well in school. My mom and grandparents for giving me that extra push to do a little better by the end of the quarter. My sisters for helping me when I needed their help. Jaymi, I am really glad to have you as a friend you were there for me when I needed you the most. R.I.P. Dorothy Dee-Dee 9/3/07. It was a hard time and I am glad I had someone who was willing to be by my side. We have had many memories and have many more to come. Austin, youre my world I am glad that you have been there for me through everything that has gone on in the past year. So thank you both for your support it means a lot. Ben Cross

Ben,
When you were born, we were so happy to have another precious little boy. And now you have grown into such a wonderful young man.
We are so proud of you, watching how genuine and responsible you are, not to mention your great sense of humor!!
Congratulations again on all of your hard work with your acceptance to VMI!! Your accomplishments are all your own and we are very, very proud of you!
We wish you the best of luck in all you do and always remember that we are behind you 100%. Always stay safe!
All our love,
Mom & Dad

Elizabeth D. Forkus

Sweet Bebe,
Words can not describe how proud I am of all that you have done and all that you have become. You are beautiful inside and out. Your strong sense of who you are, the ability to move forward when things get tough, and your strong moral fiber will pave the way for your future.
Proud of you & Love you!!
Mom, Danielle & Toria

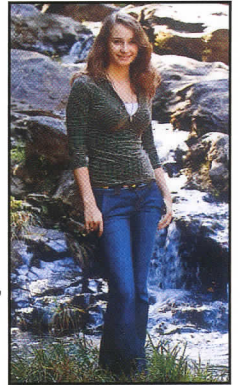

If you can live, not for your pleasure only,
But gladly lend your gentleness and grace
To warm the hearts of those whose lives are lonely
And help to make their world a better place;

If you can balance dreams with practicality
And deal in facts, but never lose ideals,
If you can face the harshness of reality
And find the truths that prejudice conceals;

If you can strive, not caring who gets credit,
And work at building bridges, and not walls,
Or hearing idle slander, just forget it
And never fail to help someone who falls;

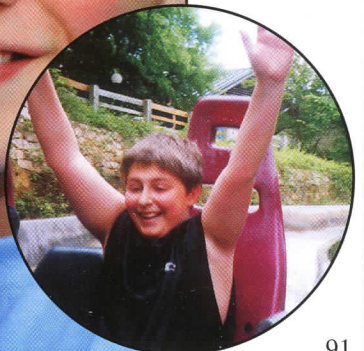

If you can take resources that surround you
And use them in the way you feel you should,
You'll be a woman...and all those around you
Will be the richer for your womanhood!

Excerpted from GB Stantons If For Girls

Alan Hadley

I can't begin to tell you
Just how loved you are
I can't believe how time has flown
And how you've come so far.
Forgive me when I stop and stare
And tears fall from my eyes
Time flew by so quickly
Sure took me by surprise.
Now here you stand before me
A respectful, honest man
Strong willed and "determined"
Who always says "I can".
You've always been so gentle,
So loving, kind and giving
Having you as my son, Alan
Is another term for "living".
No matter where life leads you
No matter what you do
I'll always be your biggest fan
And I'll always be here for you.
With all of my love,
Mom

Bri,
Words can't express how much you
mean to me or how much I love you.
The loves goes too deep,
and the gratitude and pride I feel are
boundless.
You are my life's greatest gift.

My cup runneth over,
All my love always,
Mom

Bri Douglass

To Bri,
Though all the years
I couldn't wait til the day came
When you would graduate and leave me
alone.
But now that the day has come
I don't want to let you go
You are my greatest inspiration
And I am pound to call you my big sister
Love, your annoying little sis,
Brit

Sarah Lavorgha

I love you the purplest,
Mama

Katharine MacGregor

You have made us so
proud through the

Katie, you are our

Whitney Mills

"Strong Whit"

We can't tell you too many
times of how proud we are of
you. You've been a joy to be
with through all these years.
You've made us laugh so many
times with that wonderful sense
of humor that you have. Keep
up with the positive attitude,
the desire to learn and most of
all keep true to yourself. Good
luck with your next adventure.
We love you very much. Love
Mom, Dad, Matthew and Kayla

You are my forever sister
and forever friend; now
throughout our adventures
in life and later in the spirit
world! I am so proud of
you and happy for your
new journey. Walk into
each day like you walked
into the prickly bushes as a
kid: Fearless! Stay strong,
you're beautiful!

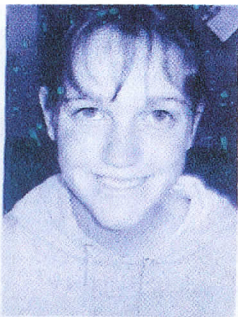

Andrew & Alex Gundersen

As you leave us in search of your future, remember
whatever is in store for you is dependent upon what
you choose to do.

Everyone has something special to offer the world,
if only they have the courage to dream and the
determination to make their dreams come true.
People who take chances, know they tried. People
who don't, will never know what they could have
accomplished.

It's hard to let you go, but we cannot hold you back.
It's your time. We know you're more than ready.
You are two wonderfully unique individuals. Were
so proud of you and we love you very much!

By DeeDee Palmer

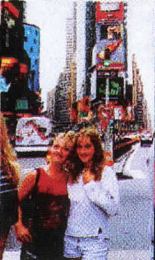

I have an average body
And an average mind
I'm not a mean person
But I'm not always kind

I try to do my best
To make my parents proud
Sometimes I'm forgotten
Not the one to stick out in the crowd

Some people hate me
Some people fall in love
I wish I knew my future
I hope to rise above

Even though I'm average
A common girl through and through
I want to make a difference
Mostly, I want to affect you

So when you walk by
Not caring if I leave or stay
I hope you learn my dreams
Because they're what will blow you away

Dorothy Dawn Palmer (Dee Dee)

To laugh often and much;
to win the respect of intelligent people
and the affection of children;
to earn the appreciation of honest critics
and endure the betrayal of false friends;
to appreciate beauty;
to find the best in others;
to leave the world a bit better whether
by a healthy child, a garden patch, or a
redeemed social condition;
to know even one life has breathed easier
because you have lived.
This is to have succeeded.
